

Hybrid 4G+IP+Z-WAVE+ZIGBEE VESTA system

- VESTA hybrid central station up to 640 zones
- Compatible with HD transmission devices (PIRCAMS) and SF1 bidirectional audio
- 4G (LTE), IP (Ethernet) and WiFi connectivity
- Z-Wave and ZigBee compatible
- 16 expandable wired zones
- Up to 640 zones (wired + wireless)
- 8 partitions and 240 users
- 1 PGM output (siren)
- Up to 4 VESTA-114/VESTA-125N keypads
- Configuration by APP SHS
- Grade 3 certified.

Reference / Model	VESTA-113N-SF1 / HYB-1-QT-E-SF1 868
4G (LTE) model	
Amplified fast connection for external GPRS ante recommended)	nna (not included, VESTA-275 or VESTA-276
Advanced automation and home automation man	nagement functions
Latest communication technologies: built-in IP mo	odule, plus 4G LTE and WIFI
Incorporates Z-Wave communication	
Built-in ZigBee communication	
Built-in SF1, the fastest radio transmitter on the r	narket
Triple RF transmission speed	
Compatible with HD streaming devices (PIRCAMS) and SF1 two-way audio
Built-in F1 868Mhz radio receiver compatible with	all F1 devices in the catalog (2 km in open field)
Allows up to 16 wired zones on board expandable	e via zone expanders
Allows both wired and F1 radio zones (640 zones	in total)

Hybrid 4G+IP+Z-WAVE+ZIGBEE VESTA system

Reference / Model	VESTA-113N-SF1 / HYB-1-QT-E-SF1 868
Up to 8 areas	
Allows up to 4 wired keypads	
Up to 240 users	
1 siren output, plus 1 simultaneous voltage free	output
Full programming in less than 10 minutes from w	veb and SmartHomeSec app
Flexibility of wiring and selection of resistance va	alues for each zone
Integration with DAHUA IP cameras	
Compatibility with +40 Z-wave Plus and Zigbee c integration with other manufacturers	devices for automatic control of your installation and
Compatibility with all F1 devices for automatic co	ontrol of your installation (relays, sockets, sensors, etc.)
Supports indoor and outdoor PIRCAMS, allowing	users and central stations to visually verify the alarm
Programming of up to 100 automatic rules (autoby calendars, auto-arming, etc.).	omatic watering, presence simulation, control of any device
Extreme convenience and flexibility in the metho (MANITOU, encrypted MANITOU, CID, SIA, FTP, F	ods of communication of events and photos to ARC
3A power supply	
Voltage for BUS module and wired zones: 13.56\	<i>I</i>
With VESTA's SmartHomeSec application you can video surveillance system and the smart devices	n remotely control and manage both your security and in your home.
VESTA's hybrid control panel is compatible with 0	Google Home and Alexa
Integration with Fibaro automatic devices (Fibaro 2)	Dimmer 2, Roller Shutter 3, Smart Module, Single Switch
EN50131 Grade 3 certified
